Jaeger Special Cleaner 080

Industrial cleaner

Material description

Material type: Jaeger Special Cleaner 080 is a highly effective industrial cleaner, it is free from solvents and can therefore be used indoors without any problems. Biodegradable according to DIN EN 29888.

Intended use: Jaeger Special Cleaner 080 is ideal for removing oily, greasy and sooty soiling from metal surfaces (including aluminium), concrete or tiles. Ideal for cleaning machines or workshop floors.

Properties: Its synergistic composition of active ingredients and anti-corrosive additives make it highly effective. Plastics, seals and rubber are protected. Residue-free cleaning of metal surfaces or painted metal parts. Tiles, ceramics or natural stone surfaces are easy to clean.

Packaging: 1 x 5 litres

Technical application notes

Application: Simply brush or spray on Jaeger Special Cleaner 080 and rinse off after a short exposure time or wipe off with a cloth. The cleaner can also be used in a high-pressure device.

pH value: 11,2

Density: 1.01gr/cm³

Dosage: Dilute with water depending on the degree of soiling. A dosage of 1:20 is sufficient for light soiling and 1:5 for heavy soiling. The cleaner can also be used pure for very stubborn soiling.
Preliminary tests must be carried out.

Miscellaneous

Biodegradability: 85% (DIN EN 29888)

Separation friendliness: fulfils DIN 1999

Status 11/14
