Calce Argilla Paint

For naturally beautiful lime-clay-based finishes

Product description

Product type: Calce Argilla Paint is a lime and clay paint for interior use.

Intended use: Calce Argilla Paint is suitable for high-quality decorative mineral wall and ceiling surfaces with an elegant matt, mottled finish. The clay content ensures good workability and improves water vapour absorption. As well as being applied with a brush or paintbrush, Calce Argilla Paint can also be rolled, sprayed or trowelled on.

Properties:

+ Mineral-based lime/clay
+ Can absorb and release moisture due to its lime and clay content
+ Alkaline surface that does not provide a breeding ground for mould
+ High water vapour permeability, sd value 0.15
+ Can be coloured with Jaeger Mineral Colour Concentrate 964 (up to 5 per cent)

Colours:

Item no.:	Colour:
995-0800	white, 30 further colours available as factory-tinted options

Coverage: 150–250 ml/m² per coat

Density: approx. 1.45 g / ml

Packaging: 5 kg, 20 kg

Thinning: Max. 10% water

Storage: Store in a cool, dry place in the original, tightly sealed container. Protect from frost.

Application instructions

Method of application:

1. Surface preparation: Prime with Jaeger Iso-Mineralgrund 309.

2. Application: Apply **the first coat of** Calce Argilla Paint over the entire surface using a Jaeger trowel, a brush, a roller or an airless sprayer. If applying with an airless sprayer or a roller, immediately smooth the surface with a brush.

Apply **the second coat** of Calce Argilla Paint in the same way; at this stage, the surface can already be textured as desired. After a short drying time, the surface can be smoothed by applying light pressure.

Optional: Apply a third coat

Application conditions: Throughout the entire application and drying period, the temperature of the material, substrate and air must not fall below 8°C or exceed 30°C. The relative humidity should remain between 30% RH and 75% RH throughout.

Tool cleaning: Clean with water immediately after use.

As at 04/26
